Saturday 8th June 2019

The Village Hotel Leeds North
186 Otley Road, Headingley,
Leeds LS16 5PR

Course delivered by

Primary Care Ophthalmology
Course Providers of high quality, practical, focused Ophthalmology training to primary care GP's and Practice Nurses
www.primarycareophthalmology.co.uk

Meet the Speakers ...

This workshop is run in association with Primary Care Ophthalmology a training organisation, who provide high quality, practical, focused training to primary care GP's and Nurses, covering all you need to know to provide eye care in the community.
primarycareophthalmology.co.uk

Your Course will be led by one of the following tutors:

Miss Stella Hornby MA (Cantab) MB BChir FRCOphth MD

Miss Stella Hornby has 15 years of experience in ophthalmology and is an Associate Specialist in Oxford. She runs the eye emergency department in the Oxford Eye Hospital. She has a particular interest in primary care ophthalmology and is particularly known for her skills in diagnosis and her 'down to earth' common sense approach to medicine. She has also had a long standing interest in low vision and promoting education about ophthalmology. She was recently awarded an "Excellent Teacher Award" by the medical sciences division of Oxford University.

Dr Andrew Partner BM DCH DRCOphth MRCGP

Dr Andrew Partner is a full-time GP with a special interest in Ophthalmology. He was also the RCGP Curriculum Guardian for the eye statement and the RCGP representative on the strategic advisory group of the UK Vision Strategy up until recently. He has extensive experience teaching GP's and believes Primary Care is well placed to manage many eye conditions in the community.

Dr Anup Shah BMBS DRCOG MRCOphth MRCGP PGCE (Health)

Dr Anup Shah trained in Ophthalmology obtaining his Membership to the Royal College of Ophthalmologists in 2006. He obtained his Membership to the Royal College of General Practitioners in 2010. He now works as a GP Principal in Hertfordshire and a GPSI in Ophthalmology with the Moorfields Eye Hospital. He is a Trainer in Primary Care with the East of England Deanery.

Your Learning Agenda ...

Background

"Eye problems account for 1.5% of GP consultations in the UK with a rate of 50 consultations per 1000 population per year" (RCGP Curriculum Statement 15.5). In primary healthcare, one has the opportunity to home in on preventable causes of blindness with only limited tools available. Key to GP, the history is often underestimated and can provide your diagnosis with the "opening gambit". A formal measurement of visual acuity and competent use of the ophthalmoscope can reveal all the necessary signs to either manage the eye complaint or coordinate effective and appropriate care with other specialist eye services.

Objectives

The workshop will expand upon the knowledge and skill of current GP eye care by providing a practical, thorough and time efficient approach to the eye patient that the GP can immediately put into practice.

The Day

Registration at 9.00am with presentations between 9.30am and 1.00pm. The style is informal and interactive.

It is recommended that delegates bring their Opthalmoscopes for the practical element of the day.

Programme ...

09.00 - 09.30am	**Registration, Coffee and Exhibition**
09.30 - 11.00am	**How to approach the eye patient in General Practice**
11.00 - 11.30am	**Coffee, Biscuits and Exhibition**
11.30 - 1.00pm	**A concise summary of eye problems in the young, middle aged and the elderly**
1.00pm	**Conference Closes**
